

# AIDI KHALID

I'm passionate about programming and video games, which led me to earn a Software and Animation degree. With over 11 years of experience in the game and animation industries, I transitioned into tech and gained more than one year of hands-on experience as a web developer.

## Professional Experience

### Front-End Developer

Mir Tech | Jan 2024 – August 2025

- Developed new features for Jensi, a project management application, enhancing functionality and user experience.
- Designed and built homepage websites for various clients to establish and strengthen their online presence.
- Leveraged AI-assisted development workflows using Windsurf to accelerate development cycles and improve overall code quality.

### Cinematic Artist for Baldur's Gate 3

Larian Studios | Jun 2021 – Feb 2023

- Collaborated with international teams to deliver in-game cinematics for a globally successful title.
- Contributed to the cine-feasibility team, evaluating narrative concepts to determine their visual and technical viability for cinematic implementation.

### Cinematic Supervisor / Lead Writer for No Straight Roads

Metronomik | Dec 2017 – Sep 2020

- Joined as one of the earliest team members, contributing from day one of its start-up phase.
- Contributed to the game's ideation and narrative development, including story flow, character creation, and world-building, supporting a cohesive and immersive player experience.
- Created in-game cinematics and coordinated with artists to produce required cutscene assets.
- Co-directed voice talents, ensuring performances aligned with the creative vision.
